

H.F.F.C.F.

2026

As an exhibitor of the Healdsburg Future Farmers Country Fair, I am aware of the following:

- Chemical substances used in livestock production, disease prevention, or disease control have approved withdrawal times before slaughter.
- Tranquilizers and other non-approved substances cannot be used on or in food animals.

Therefore, I certify that the animals I exhibit have:

_____ While in my ownership, my market animal(s) has never been given any substance which requires a withdrawal period prior to slaughter or complies with legal withdrawal times for the products.

I also agree to:

_____ Treat my livestock exhibits humanely while on the fairgrounds, in accordance with accepted animal husbandry practices. Use of hot shots, hitting or kicking of animals will not be tolerated. Failure to abide by the rules will cause me to: not be allowed to show my animals, and I will also not be allowed to sell my animals through the premium sale. **If your animal tests positive you may be responsible for legal or financial ramifications brought by the processing plant and/or buyers. This will result in all future fair animals not being processed by our current processor.**
