

Hello! My name is Tatum Kiff and I am currently a Senior at Healdsburg High School. This is my fifth and final year serving on the HFFCF Junior Fairboard. I am a member of Healdsburg FFA where I am serving as the Chapter President! In addition to my four years in Healdsburg FFA, this is my 11th and final year being a part of the Warm Springs 4H Club. This year I am exhibiting two market hogs in addition to a breeding Nigerian Dwarf Goat doe. I have raised swine for the past eight years and decided to mix it up a little bit my senior year and raise a goat as well! In addition to serving on the chapter officer team, I am a member of the Vet Science CDE team and also compete in the Job Interview speaking competition through FFA. This past fall I applied to colleges across the West Coast and MidWest with a major in Agriculture Development, I currently have my sights set on UC Davis and have my fingers crossed for an acceptance from them! The Healdsburg Future Farmers Country Fair has been the highlight of my year since I was 6 years old. The fair is a community event that brings out the best that Healdsburg has to offer when it comes to youth in agriculture. I hope to see you stop by and experience the Sweet Home Healdsburg charm that only the Healdsburg Fair offers!
